

Trend-Based Mock Papers

Collection Index

20 Branches | 4 Papers Each | 65 Questions Per Paper

Methodology

These mock papers were constructed using analysis of historical GATE PYQ patterns, including topic distribution, question types, recurring concepts, difficulty characteristics, and recent trends. Each paper is statistically calibrated to reflect the actual GATE examination pattern.

Historical patterns do not guarantee future examination questions.

This is a trend-based practice simulation, not a prediction of actual GATE questions.

Available Branches

AG	Agricultural Engineering	4 papers
AR	Architecture & Planning	4 papers
BT	Biotechnology	4 papers
CE	Civil Engineering	4 papers
CH	Chemical Engineering	4 papers
CS	Computer Science & Engineering	4 papers
EC	Electronics & Communication Engineering	4 papers
EE	Electrical Engineering	4 papers
EY	Ecology & Evolution	4 papers
GG	Geology & Geophysics	4 papers
IN	Instrumentation Engineering	4 papers
MA	Mathematics	4 papers
ME	Mechanical Engineering	4 papers
MT	Metallurgical Engineering	4 papers
PE	Petroleum Engineering	4 papers
PH	Engineering Physics	4 papers
PI	Production & Industrial Engineering	4 papers
TF	Textile Engineering & Fibre Science	4 papers
XE	Engineering Sciences	4 papers
XL	Life Sciences	4 papers
